

Grover G. Norquist

Chairman

WHAT CAN I DO

U.S. Senators and Congressmen

1. Vote for and support legislation to put Ronald Reagan on our currency.
2. Consider federal projects or federally owned entities in your district that can be named after Reagan. Examples include forests, military installations, national parks, and post offices. Introduce legislation changing the name of the entity.
3. Vote for the resolutions honoring President Reagan on the date of his birth.

Governors

1. Issue a proclamation on the occasion of his birth celebrating Reagan's defeat of communism and his re-invigoration of the American spirit.
2. Consider currently under-construction projects that can be renamed administratively. Many major landmarks and projects are named for physical geography, such as "Muddy Creek Elementary." These are easy dedications.
3. Introduce and publicly support legislation renaming physical features such as mountains, streams, forests, and aquifers.

State Legislators

1. Introduce legislation renaming physical features, public works, and state buildings in your district. Names can incorporate other words, such as "Reagan Freedom Plaza." Introduce and/or support resolutions honoring President Reagan on the date of his birth, February 6th.
2. Introduce and/pr support a resolution calling on Congress and the U.S. Treasury to issue currency bearing President Reagan's image.
3. Issue public statements of support for dedications to President Reagan

County Officials

1. Look for currently unnamed or "undernamed" public works or geophysical features in your county. Especially consider names of roads, circles, and highways.
2. Consider renaming schools or county administration buildings.

University Presidents, Chancellors and Members of Board of Regents

1. Consider naming colleges within universities, schools within colleges, buildings, quadrangles, fountains, dormitories, etc. after Ronald Reagan.
2. Invite nationally renowned speakers to talk about Reagan and the Cold War.

School Board Members

1. Schools are an excellent opportunity. Schools are being built every day. School boards may have the authority to name schools or school buildings.

Citizens of Every Walk of Life

1. Email Congress and tell them that you want Reagan's image on currency.
2. Call your state legislator and request that he or she support resolutions honoring President Reagan.
3. Call your Senators and Congressmen and express your support for President Reagan on U.S. currency.
4. Look for possible dedications in your area, learn the naming process, and notify RRLP as you get involved in the local process.
5. Organize a Ronald Reagan event in your community to commemorate his life on February 6th, "Ronald Reagan Day." Invite state legislators or city officials to attend.
